Nature/Focus of Research

I request permission to examine the manuscript material (call numbers listed below.)

I understand that permission to examine manuscript or archival material, if granted, does not include permission to publish the contents of that material or any excerpt therefrom at any time, and that a separate written application for permission to publish in any form or to quote in a dissertation must be made to the curator of manuscripts and archives of the Andover-Harvard Theological Library specifying the manuscript or excerpt. I agree to abide by the decision of the curator.

I understand that the library makes no representation that it is the owner of the common law copyright or literary property of any unpublished manuscript, and that permission to publish also

must be obtained from the owner of the copyright (the author, transferees, heirs, legates, or literary executors of the author).

I understand that any photographic or other reproduction of any manuscript in this collection will be made solely for my convenience in examining the manuscript, that the reproduction will not itself be reproduced, and that it will not be examined by or transferred to any other person or institution without the prior written permission of the curator of manuscripts and archives of the Andover-Harvard Theological Library.

I agree to indemnify and hold harmless Harvard University, its officers, employees, and agents from and against all claims made by any person asserting ownership of the common law copyright or literary property.
